GUTTER COVER®

As a homeowner you know how important it is to maintain an efficient clog-free gutter system. **Hallett Gutter Cover®** is designed to help eliminate your gutter clogging problems with no more dangerous powerlines or ladders to contend with. The ease and the low cost of **Hallett Gutter Cover®** is the answer to your gutter cleaning demands.

THIS IS THE PROBLEM

Hallett Gutter Cover® has proven to work on homes like yours time after time. Testing has shown that **Hallett Gutter Cover®** can divert up to 6" of rainfall per hour. **Hallett Gutter Cover®** is the answer to your most common gutter clogging problems. You'll have virtually maintenance-free gutters without all the work, saving you time and money.

THIS IS THE SOLUTION

How Hallett Gutter Cover® Works

Hallett Gutter Cover® is a patented gutter debris eliminator that works. No slots, holes or mesh to catch leaves and debris. With **Hallett Gutter Cover®**, our one-piece design allows water to enter the gutter by surface tension and electro-magnetic attraction. Water will follow the curved surface into the gutter and debris falls over the edge, virtually eliminating build-up and messy gutter cleaning.
